

# Rinse Stream™ MAXX

Consistently rinse all surfaces and eliminate foam from all crevices while using only 6-to-9 gallons of water per car. Sonny's Rinse Stream® MAXX features 166 precision-calibrated Zero-degree streams of water to cut through blower turbulence for a perfect rinse every time.

## Features

- Zero-degree streams of water withstand air turbulence to deliver an even contact with vehicle surface.
- Impress customers with a premium rinse experience and use a precision controlled quantity of water.
- Increase customer satisfaction in a compact design that ensures clog-free consistency.
